BUSINESS -

App. 2018-0093-S: The terminus of First State Boulevard (TP: 08-056.00-001). Exploratory Minor Land Development Plan for Stanton Water Treatment Plant proposes to demolish existing 1,005 SF building and construct two 2.0 MG finished water storage tanks, 52 feet in height, a 6,040 high service pumping station building and associated site improvements. I Zoning. CD 1. Mill Creek Hundred

The Department has considered the Standards for Elevated Storage Tanks and Standpipes in Section 40.03.334.B.1 and 40.03.334.B.2 and finds that the proposed tanks will have minimal impact on adjoining properties. Based on this analysis The Department of Land Use recommends CONDITIONAL APPROVAL of Application 2018-0093-S with the condition that the storage tanks are painted a shade of blue to best blend with the sky as determined by the Department.

At a business meeting held on September 18, 2018, the Planning Board considered the Department of Land Use recommendation. On a motion by Mr. Montgomery, seconded by Mr. Snowden, the Planning Board voted to grant CONDITIONAL APPROVAL of Application 2018-0093-S with the condition that the storage tanks are painted a shade of blue to best blend with the sky as determined by the Department. The motion passed by a VOTE of 4-0-1-3 (YES: Anderson, Cahill, Papili, Montgomery, Snowden; NO: None; ABSTAIN: McGlinchey; ABSENT: Visvardis, Williams)

In discussion preceding the vote the Board members offered the following comments:

Ms. Papili commented that she would have preferred for the applicant to better reach out to the community. Mr. Snowden commended the applicant’s submissions to the Board as being useful in their analysis.

OTHER BUSINESS

Ms. Anderson asked the Department if it had an official stance on Ordinance 18-095 regarding live streaming hearings. Matthew Rogers, Planner for the Department of Land Use stated that the Department did not have an official stance as of yet.
