Committee Members Absent: Margie Lopez-Waite

Others in Attendance: First Assistant County Attorney Mary Jacobson, County Auditor Bob Wasserbach and multiple members of the public

Proceedings:

- Co-Chair Raye Jones Avery called the meeting to order at 10:34 a.m.
- Tina Betz moved to adopt the minutes from the 7/1/2020 meeting, Daphne Evans seconded the motion and the Committee unanimously voted to adopt them.
- In response to the Committee discussion on 7/1/2020 and questions raised, Melissa Hopkins from the Delaware Alliance for Non-Profit Advancement (DANA) shared two documents on the zoom meeting: The Initial Data for Covid-19 Flash Survey 3 – New Castle Respondent Profile and the copy of the online survey that DANA distributed to Non-profit organizations.
- DANA is planning to conduct another survey in the Fall.
- Councilman Carter offered to help with survey analysis, especially to help understand what organizations might be missing in the data – and how to best interpret the data.
- Dan Cruce shared additional data on UWDE and DCF funding, including the top and bottom 20 organizations funded, by funding amount. A request was made to see the full list.
- Councilman Carter raised the importance of providing technical support for non-profits to write grant applications, including the possibility of contractual grant writing support.
- The Committee used the Zoom ‘breakout room’ function to have three smaller group discussions to provide feedback on initial DRAFT proposals on practical support for re-opening and for a grant.
application. The whole Committee then came back together and the breakout groups reported on their discussions.

- Breakout Group #1
  - Identified multiple questions for clarification:
    - Does a Non-Profit need to have a physical presence in NCC to be eligible?
    - Why the $50,000 threshold for requiring an audit? Is this the right threshold?
    - How would we define Full-time Employees?
  - NCC should host webinars to walk applicants through the application process
  - We should look at common guidelines to determine fiscal ‘health’ for non-profits
  - Instead of a two-part program that first determines eligibility (which might select out quality organizations), perhaps approach the first step as a pre-application consultation

- Breakout Group #2
  - Suggested adding cleaning services and potentially training services to the re-opening support proposal
  - Expressed concern about selecting out organizations making an impact – don’t exclude volunteer-based organizations (orgs with no full-time staff) from the proposals and don’t assume that three organizations providing food support are overlapping and feeding the same people
  - Discussed importance of providing technical support and feedback to organizations
  - Consider contractual support to help organizations meet reporting requirements

- Breakout Group #3
  - Discussed the need to clarify definitions of employees – full-time versus part-time
  - Discussed how to identify if a non-profit organization was sustainable prior to COVID-19, (i.e. asking if organizations have reserve policies). Foundations will have definitions we could leverage, and DANA has tools that non-profits used to apply for PPP loans that we could re-purpose
  - We need to ensure that the application process is easy to use, keeping in mind that many organizations are still working remotely. Would it be an online-only process?
  - The eligibility criteria noted – would an organization need to meet all three points?
  - If collaboration is a goal with the grants, need to define it and help organizations connect to collaborate

- Based on the questions and feedback shared, the co-chairs will revise the proposals and discuss further in the next meeting.

Next Steps:

- Next meeting is scheduled for Wednesday 7/15/2020 at 10:30am.
